This special edition completed with other document such as :

the universe in a pdf -

Thu, 04 Oct 2018 14:53:00 GMT - This idea of an expanding universe was demonstrated experimentally in 1929 by Edwin Hubble who was unaware of the work of Lemaître and Friedmann. Lemaître's model of the universe received little notice until Eddington arranged for it to be translated and reprinted in 1931.
