Extreme Ownership PDF | DropPDF -

Mon, 25 Jun 2018 11:02:00 GMT - In practice the severity of ship response is measured by high quantiles of long-term distribution of the response. The distribution is estimated by combining the short-term distribution of the response with a long-term probability distribution of encountered sea states. The paper describes an ...

Tue, 10 Jul 2018 05:51:00 GMT - In this note the relation between two simple approaches to estimate the extreme ship response used when no, or a limited, amount of data are available is discussed. The first one employs the long term distribution of the local maxima of ship response while the second one uses the expected number of upcrossings of a level by the response. It is ...
