Thu, 11 Oct 2018 09:15:00 GMT - Since 2007 Jane Hart at the Centre for Learning & Performance Technologies has been compiling an annual Top Tools for Learning List from the results of an open survey. The survey is now in its 12th year. These Top Tools lists now constitute an important and interesting longitudinal study not just into the popularity of tools for learning but into learning behaviour.

Mon, 08 Oct 2018 22:05:00 GMT - In informal logic and philosophy, an argument map or argument diagram is a visual representation of the structure of an argument.An argument map typically includes the key components of the argument, traditionally called the conclusion and the premises, also called contention and reasons. Argument maps can also show co-premises, objections, counterarguments, rebuttals, and lemmas.
