Tue, 10 Jul 2018 02:45:00 GMT - The Canadian health care system is often compared to the US system. The US system spends the most in the world per capita, and was ranked 37th in the world by the World Health Organization in 2000, while Canada's health system was ranked 30th. The relatively low Canadian WHO ranking has been criticized by some [who?] for its choice of ranking criteria and statistical methods, and the WHO is ...

Wed, 11 Jul 2018 12:09:00 GMT - This discussion of the dental amalgam controversy outlines the debate over whether dental amalgam (the mercury alloy in dental fillings) should be used. Supporters claim that it is safe, effective and long-lasting while critics argue that claims have been made since the 1840s that amalgam is unsafe because it may cause mercury poisoning and other toxicity.
