Mon, 18 Jun 2018 21:12:00 GMT - The United States does not have a private-sector health insurance system, let alone a functioning competitive market for insurance or health services. In fact, the federal government has been the dominant force in American health care for decades, long before the recent massive expansion of the government's role in the 2010 Patient Protection and Affordable Care Act (PPACA).[1]

Thu, 21 Jun 2018 17:05:00 GMT - Glitter describes an assortment of small, colourful, reflective particles that comes in a variety of shapes. Glitter particles reflect light at different angles, causing the surface to sparkle or shimmer. Glitter is similar to confetti, sparkles, or sequins, but somewhat smaller. Since prehistoric times, glitter has been made and used as decoration, from many different materials including ...
